

Marcati

La natura del legno all'ennesima potenza. I Marcati esaltano la venatura, peculiarità esclusiva del materiale. Il gioco cromatico si sviluppa su due toni: scuro neutro e colore in contrasto, più o meno naturale, per un effetto che fa riferimento al legno invecchiato delle cantine.

The nature of the wood at the nth power. Marcati enhance the wood grain, main feature of the material. The chromatic play develops on two tones, the neutral dark one and a contrasting colour, more or less natural, creating an effect referring to the wood aged in wine cellars.

La nature du bois à la puissance dix. Marcati exaltent la veine, particularité exclusive du matériel. Le jeu chromatique se développe sur deux tons: une couleur foncée neutre et une couleur en contraste, plus ou moins naturelle, pour un effet qui fait référence au bois qui a vieilli dans les caves.

La naturaleza de la madera hasta a la enésima potencia. Marcati exaltan la veta, una característica exclusiva del material. El juego cromático se desarrolla en dos tonos: un oscuro neutral y un color de contraste, más o menos natural, para un efecto que se refiere a la madera envejecida en las bodegas.

Die Naturbeschaffenheit des Holzes hat eine wirkungsvolle Kraft - das Markierte läßt die Holzstruktur massiv hervorheben. Das chromatische Spiel entwickelt sich zu zwei Farbtönen -von dunkel - neutral im Kontrast mehr oder weniger natürlich für einen Effekt, der sich wie auf das gealterte Holz der Keller bezieht.

I Marcati caratterizzano l'ambiente con spiccata personalità. La macro-vena naturale in contrasto rilancia un particolare effetto grafico e, quasi "fuori scala", impreziosisce il legno e lo rende l'elemento chiave dello spazio.

Marcati characterize the space with their strong personality. The contrasting macro natural grain acquires a particular graphic effect and almost "out of scale" and enhances the wood and makes it the key element of the space.

Marcati caractérisent l'espace avec une forte personnalité. La macro-veine naturelle en contraste relance un effet graphique particulier et, presque "hors-échelle", rend le bois précieux, élément clé de l'espace.

Marcati caracterizan el ambiente con una fuerte personalidad. La macro-veta natural en contraste promueve un efecto gráfico particular y, casi "fuera de escalera", embellece la madera y la convierte en el elemento clave del espacio.

Die Markierten charakterisieren die Umgebung mit einer ausgeprägten Persönlichkeit. Die Kontrast makro - natürliche Ader bringt einen besonderen grafischen Effekt hervor, der fast außerhalb jeden Maßstabes liegt und das Holz zum Schlüsselement macht.
