

HYBRID PRO

Hybrid technology coatings

**The best
of solvent-based
and water-based coatings**

ALL THE ADVANTAGES IN ONE FORMULA

HYBRID PRO

**This coating range provides
the best of all existing technologies**

Boosted performances outdoors

*Windows - shutters - entry doors by flow-coating, dipping,
brush and spray gun*

WET ADHESION BEYOND COMPARISON

Hybrid Pro is the range of coatings for exterior providing all the advantages of water-based and solvent-based technologies. Its main strength is the excellent adhesion to the wooden substrate, even in condition of very high humidity. A strong adhesion, a solid foundation for the entire coating system.

A VALUABLE PARTNER AGAINST THE WOOD CRISIS

Hybrid Pro is a precious partner in such a delicate moment, in which the world of wood faces a strong crisis, including compromised quality and scarce supply. Doors and windows, treated with hybrid range, don't show wood instability and fiber swelling. Hybrid Pro is specific for softwoods and tannin-free timbers and allows the use of every kind of wood.

ALL THE OTHER ADVANTAGES FOR DOORS/WINDOWS PRODUCERS

Hybrid Pro range grants an innovative formula based on hi-tech oils and resins.

Discover the advantages:

- Higher adhesion to the wood
- Stop fiber swelling
- Blocking resistance
- Ultra-fast drying
- Non-yellowing
- Colour uniformity
- Low VOC emissions

PIGMENTED COATING SYSTEMS

White wood stain	YM---S050/--C02
Top Quality white wood stain	YM---M097/--C02
Top Quality neutral wood stain	YM---M097/--NTR
White intermediate basecoat	YL---S055/--C02
Neutral intermediate basecoat	YL---S055/--NTR
White thixo basecoat	YL---S255/--C02
Neutral thixo basecoat	YL---S255/--NTR

STAINED COATING SYSTEMS

Neutral wood stain	YM---L226/--NTR with uniforming formula
Colorless intermediate basecoat	YL---S155/-----
Wood stain for natural effect systems	YM---M226/-----
