

# 5-Matt Protect

*Silk-touch matt  
anti-fingerprint  
in a single coat*

# 5-Matt Protect

## *Silk-touch matt anti-fingerprint in a single coat*

5-Matt Protect by Renner Italia is the water-based coating, clear or lacquered, that in just one coat provides laminated surfaces with five unparalleled advantages:

1. Ultra-matte premium finish
2. Silky tactile effect
3. Anti-fingerprint protection / Anti-nail polishing
4. Scratch resistance
5. Raw materials from renewable sources

### **UNMATCHED DESIGN WITHOUT NAIL POLISHING**

5-Matt Protect (code YO-XXM807/--XXX) reduces light reflection, resulting in an ultra-matte look, a soft touch effect, and fingerprint resistance. Enjoy contemporary 3-gloss design. Environmentally friendly. Transparent or available in all colors for interior design. Naturally resistant to chemical agents. Thanks to Color System Pro tinting technology, the 5-Matt Protect palette is infinite. In an industry where new, high-performance materials continue to evolve, 5-Matt Protect is the perfect ally for manufacturing laminated furniture.

### **DIRECT ADHESION IN A SINGLE COAT**

5-Matt Protect is a solution that requires no primer, providing great convenience for applicators who prefer to use a single product for complete laminated surface coverage. Suitable for both flat surfaces and edges. It is applied by spraying on both flat panels and turned parts, ensuring drying occurs at a minimum temperature of 18°C in well-ventilated areas.

### **RAW MATERIALS FROM RENEWABLE SOURCES**

Like all water-based coatings from Renner Italia, 5-Matt Protect is formaldehyde-free, and low in volatile organic compound emissions. The formula contains raw materials from renewable sources, reinforcing Renner Italia's commitment to industrial sustainability. The production plants are powered by 100% clean energy.
